Featuring The All New
BBL® HERO & MOXI™

ALL NEW
FROM
SCITON!

moxi™

A GENTLE APPROACH TO RADIANT SKIN

“ I wasn't sure where MOXI was going to fit in my practice. Turns out, it brings a whole new patient - a patient who is younger. I am loving MOXI. So far it is excellent, and patients love it. ”
Jason Pozner, MD

- Opens the door to the prejuvenation™ patient
- Gentle treatments for vibrant refreshed looking skin
- Quick comfortable treatments with little to no downtime

Simply Radiant Skin

BBL[®]
 ★★HERO★★

A GENTLE APPROACH TO RADIANT SKIN

Introducing the newest fractionated wavelength designed with everyone in mind. Ideal for patients just starting their skin care journey, looking for a light touch up and those wanting something more but without downtime.

- A gentle approach to radiant skin, year round, for every skin type
- Fractionated 1927 nm wavelength
- Delegateable with proven results
- Patients love it!

Lighten, brighten and refresh with MOXI[™]

MOXI[™] | Post 3 Tx | Courtesy of Aestheticare

The new mJOULE[™] platform redefines standards for affordable quality and versatility. Because results matter at every budget.

- BBL[®] HERO[™] helps turn back the visible signs of aging anywhere on the body
- MOXI[™] opens the door to a younger prejuvenation[™] patient
- Forever Young powered by BBL[®] HERO delivers more power and results for you and your patients.
- Versatile and synergistic treatments
- Single targeted treatments to regular skin care regimens
- Affordable and expandable; choose one or two modalities, add second module in the future.
